Dear Mr. Cox:

The Division of Oil, Gas and Mining approves the amended Notice of Intention to Commence Small Mining Operations (Notice) for the Quarry Mine. The amendment was received September 14, 2016. For clarification the Division modified the Section III item 8 so that the total bonded area is 6.98 acres of disturbed area with 3.55 acres where the Division has accepted the regrading.

You may continue with your small mining activities as outlined. Please be advised that you are bound by the same mining and reclamation standards as outlined in the original Notice and must receive written acceptance from this office and the BLM, prior to creating any additional disturbance.

Thank you for your cooperation. When in the area, a member of the Division staff will examine the site. In reply, please refer to file number S/023/0096.

Sincerely,

Paul B. Baker
